national directory of

QUALIFIED FALLOUT SHELTER ANALYSTS

(Supersedes FG–F–1.2, April 1963; *and* FG–F–1.2 Supplement, October 1963 which should not be used)

DEPARTMENT OF DEFENSE • OFFICE OF CIVIL DEFENSE

Washington, D.C.

PREFACE

This National Directory of Fallout Shelter Analysts contains a listing of individuals who, as a minimum requirement, have successfully completed a course in Fallout Shelter Analysis and have been certified as of May 31, 1964.

The tuition free courses were offered by the Office of Civil Defense, Department of Defense, at various schools and universities, throughout the country on a semester type basis or as an intensive 2-week session. The semester type course was presented one night a week (or on Saturday mornings) for approximately 15 weeks. Subjects such as effects of nuclear weapons, structure of matter, basic physics of nuclear weapons, attenuation of nuclear radiation by structural shielding, shelter criteria, biological effects, and environmental engineering were included in the curriculum. Problems and assignments in shielding techniques as well as examinations were given during the course.

To be admitted to the course, an applicant must be a registered architect or engineer or hold a degree from a recognized school of architecture or engineering. Those who successfully complete the course are issued a certificate of proficiency bearing a serial number as shown in the directory. They are also placed on OCD mailing lists to receive current information and technical developments in the field of shelter design and analysis.

This directory contains the names of individuals only and not the names of architectural or engineering firms. Many of the individuals listed in the directory are employed by or are consultants to architectural and engineering firms. A listing of firms with qualified shelter analysts on their immediate staff is maintained and periodically issued by the Office of Civil Defense as FG–F–1.3, "National Directory of Architectural, Engineering and Consultant Firms with Certified Fallout Shelter Analysts."

The listing of qualified Fallout Shelter Analysts for each of the eight Civil Defense Regions is arranged alphabetically. Each region is subdivided into the two following sections:

(1) Fallout Shelter Analysts who are registered professional architects and/or engineers

(2) Fallout Shelter Analysts who are not registered.

Professional architects and engineers who are registered in States other than their residence have also been listed in the "registered" section of this directory. Changes, corrections, or additions should be sent to the OCD Regional Office in which you reside or to the Architectural & Engineering Services Division, Office of Civil Defense, Washington, D.C., 20310.

In this nuclear age, architects and engineers throughout the country should have a thorough understanding and knowledge of the fundamentals and newly developed techniques of shelter design and analysis. With this added knowledge and capability, an architect or engineer can provide an optimum degree of fallout protection in any proposed building project with little if any increase in construction cost and without handicapping the primary use of the building.

ADDRESSES OF OCD REGIONS

Architects and engineers interested in participating in the Fallout Shelter Analysis Courses can obtain enrollment forms from their Civil Defense Regional Offices as follows:

Region	*Address*	*States Serviced*
1	Oak Hill Road, Harvard, Massachusetts, 01451	Maine, New Hampshire, Vermont, New York, Massachusetts, Connecticut, Rhode Island, New Jersey, Puerto Rico.
2	Olney, Maryland, 20832_____	Pennsylvania, Ohio, Kentucky, Virginia, West Virginia, Maryland, Delaware, District of Columbia.
3	P.O. Box 108, Thomasville, Georgia, 31792	Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Canal Zone.
4	Battle Creek, Michigan, 49016__	Minnesota, Wisconsin, Michigan, Illinois, Indiana.
5	Denton Federal Center, Denton, Texas, 76202	New Mexico, Oklahoma, Texas, Arkansas, Louisiana.
6	Denver Federal Center, Building 50, Denver, Colorado, 80225	North Dakota, South Dakota, Wyoming, Nebraska, Colorado, Kansas, Iowa, Missouri.
7	Naval Auxiliary Air Station, Santa Rosa, California, 95401	California, Nevada, Utah, Arizona, Hawaii.
8	Everett, Washington, 98201_____	Washington, Montana, Oregon, Idaho, Alaska.

CONTENTS

The National Directory of Fallout Shelter Analysts, is divided into sections corresponding to the eight Civil Defense Regions, a section on Foreign Students, and a section on Qualified Instructors.

Page numbers and sections corresponding to Civil Defense Regional Offices are as follows:
